March 7, 2022

To the Parents and Guardians of Wilson Creek School District Students

Re: The end of the mask mandate

Effective March 11th, at 11:59 PM, masking in our schools and on our buses will be optional. Students and staff members will no longer be required to wear a mask. While this is welcome news for some, it is disturbing to others. The Wilson Creek School District will not require masks but will still be very supportive of anyone who prefers to continue to wear a mask. Our COVID numbers are currently dropping both at the county level and the state level. We are hoping that this trend continues!

Sincerely,

Laura Christian
