TEACHER QUALIFICATION

Parents have the right to request the qualifications of their child's teacher(s) and paraprofessionals by notifying the office.

Inclement Weather

If, in the opinion of the principal/superintendent and transportation coordinator, road conditions are such that normal bus operations cannot be conducted safely, the district will notify parents/guardians of school delays or closures via the district website and the following television and radio stations:

- KREM-2 News
- KXLY-4 News
- KHQ-6 News

If school is delayed due to weather, please make sure your child does not arrive at school more than 15 minutes before scheduled starting time. We cannot assure proper and safe supervision or that buildings will be open before that time. Students should arrive at school with appropriate clothing for the weather conditions of the day.

School Messenger is an automated messaging system that will alert parents/guardians in case of school emergencies (including closures and delays due to inclement weather) via a combination of telephone calls and e-mail, cell phone text messages and on social media.

Out-of-Service-Area Students

The mission of the Wilson Creek School District is to provide a personalized education, which enables the student to achieve at the highest level. Students are expected to benefit from the personalized education that is a trademark of the district. The district also believes in holding a high degree of accountability for every member of the community – students and adults.

Two documents are required from all students enrolled in the Wilson Creek School District who reside outside the school district boundaries:

1. Choice/Out-of-Service-Area Student Contract: This contract serves to notify out-of-service-area students that attendance at Wilson Creek Schools is a privilege, and that failure to meet expectations as defined in the contract will cause the student to forfeit his/her right to attend school in the Wilson Creek School District
2. Choice Application for Non-Resident Students: This application is used as a communication device between the student's district of residency and the Wilson Creek School District. The document allows for the resident district to waive student attendance, and for the non-resident district to approve or deny student enrollment.

Withdrawing or Moving from School

Students who are transferring or for other reasons must leave (check out of) Wilson Creek School are to report to the office. Students must show parental or guardian approval for the withdrawal. Once provided the

proper withdrawal form, the student is to return all books, laptops and school property to teachers and the library, having each instructor fill out the release form. The completed form is then to be returned to the office for final approval.

Rights of Homeless Students

In 1987, the Stewart B. McKinney Homeless Assistance Act was passed in response to the growing crisis of homelessness in America. One of the Act's provisions established the federal Education for Homeless Children and Youth Program to address the educational barriers homeless children encounter. The Homeless Education Program (also known as Title X, Part C), was reauthorized in the 2002 No Child Left Behind Act.

The Wilson Creek School District shall provide an educational environment that treats all students with dignity and respect. Every homeless student shall have equal access to the same free and appropriate educational opportunities as students who are not homeless. This commitment to the educational rights of homeless children, youth and youth not living with a parent or guardian, applies to all services, programs and activities provided or made available.

A student is considered homeless if he or she is presently living:

- in a shelter * sharing a house with relatives or others due to lack of housing,
- in a motel/hotel, camping ground or similar situation due to lack of alternative, adequate housing
- at a train or bus station, park or in a car * in an abandoned building
- temporarily housed while awaiting foster care placement

All homeless students have rights to:

- **Immediate school enrollment.** A school must immediately enroll students even if they lack health, immunization or school records, proof of guardianship, or proof of residency.
- **Enroll in:**
 - the school he/she attended when permanently housed (school of origin)
 - the school in which he/she was last enrolled (school of origin)
 - any school that non-homeless students living in the same attendance area in which the homeless child or youth is living are eligible to attend.
- **Remain** enrolled in his/her selected school for as long as he/she remains homeless, or, if the student becomes permanently housed, until the end of the academic year.
- **Priority** in certain preschool programs.
- **Participate** in a tutorial-instructional support program, school-related activities, and/or receive other support services.
- **Obtain** information regarding how to get free waivers, free uniforms, and low-cost or free medical referrals.
- **Transportation services:** A homeless student attending his/her school of origin has a right to transportation to go to and from the school of origin if (s)he is homeless, or, if the student becomes permanently housed, until the end of the academic year.

For any inquirers or concerns contact our Homeless Liaison, Superintendent Laura Christian, at 509-345-2541.

Counseling

School staff is concerned with every student's development, progress, and success in school. The principal functions as a contact person for school counseling needs. Counseling services will be available on a scheduled basis or as needed in case of emergencies. The principal and/or staff will assist in scheduling classes and coordinating assistance with scholarships applications. Students should not leave class to talk with the principal regarding counseling concerns without teacher permission.

School Day

The doors of the Wilson Creek School are open at 7:40 am, but students are not expected to arrive until 7:50 am. Students will be allowed in the building earlier only with special permission or if arrangements have been made by the principal/superintendent or a teacher. Students are to leave school grounds immediately after school is dismissed or a school event concludes.

Open Campus

Campus is open to all students 9-12 grade students during the school day. Freshman students may go off campus via walking only. They will not be permitted to leave campus in another student's vehicle during lunch period unless that older student is a sibling. Leaving campus during lunch is a **privilege and not a right**. This privilege may be withdrawn due to disciplinary violations, attendance and / or tardy problems. Permission will also be revoked if private property is abused, town residents complain about any behavior. Students must sign out at any other time in the day.

Closed Campus

Campus is closed to all students P3-8th grade students during the school day. This means students in grades P3-8 are not allowed to leave school grounds during the day without permission from the principal, superintendent, or designee. Students are not allowed to visit any vehicles or parking areas throughout the school day, including lunch, without principal, superintendent, or designee.

Before School Parent-Student Drop-Off

If you are transporting your child to school, please use the upper parking lot north of the commons to drop them off. State policy dictates that private cars should not be present in the driveway when buses are loading or unloading students.

When entering the building for drop off, families must sign/check in at the main office before continuing through the building or proceeding to the classrooms.

Students should not arrive before 7:40 am. We do not have staff to supervise students before this time. Student safety is our #1 priority. If a parent drops their child off in the morning before 7:40 am, this is a major safety concern, and a letter will be sent to notify the parent of the school policy. If the pattern continues, the parent/guardian will be contacted for a conference to determine alternative options for childcare in the morning.

Breakfast and Lunch Program

The Wilson Creek School District will be participation in the Community Eligibility Provision program for breakfast and lunch. This allows all children in our school to eat at no charge. Breakfast will be served to students from 7:40 am to 7:55 am. Lunch will be served in the commons to elementary (PK-6) students from 10:55 am to 11:35 pm, and to secondary students (7-12) students from 11:50 pm to 12:20pm.

Each student will be issued a food service card also associated with a 4-digit pin. Pre-K-12th grade students will be required to scan or slide a food service card or enter their 4-digit pin when receiving a school lunch, breakfast, or milk.

Attendance

Specific attendances rules are addressed in the secondary or elementary sections of this handbook. The following areas regarding attendance apply to both secondary and elementary students.

TRUANCIES

Truancy is defined as a student leaving school or failing to report to the appropriate school areas after arriving on school grounds by bus or private vehicle and being gone for any length of time during the school day without approval by the teacher or school office.

Truancies will be treated as an **unexcused absence** and require that the truant student will serve detention of twice the number of hours truant during the school day in school detention.

TARDIES

A student will be considered tardy within the first ten minutes of class. After ten minutes, the student will be considered absent (unless the student is tardy due to a school-related reason). Three unexcused tardies will yield an unexcused absence and will be applied to total absences.

Students late for school must sign in at the office upon arrival. Teachers may also require students who are late for class to sign in at the office. Students are expected to be in their appropriate classroom when the bell rings. All tardiness will be unexcused unless there is a signed note from a school staff member, which indicates the staff member caused the student to be late. *(Additional information page 63.)*

Illness or Emergency

If a student becomes ill while at school, they should report to the office. Before a student will be released to go home, parents/guardians must be contacted. If parents/guardians are unable to be reached, the student will return to class. Office staff, only in extreme circumstances, will provide a sick room. If your child has a condition that conceivably might require emergency treatment, such as diabetes, epilepsy or severe allergies, please be sure the school is aware of the medical condition.

Medication- Immunization Updated

If a student needs to take a prescription medication, a form requiring a doctor's signature must be obtained from and returned to the office before the student may take any of the medication while at school. Aspirin, Tylenol, or other non-prescription medications may not be taken at the parent/guardian or student's discretion unless the parent/guardian is present at school with the student. All medication,

prescription and non-prescription, will be kept in the school office except when special arrangements are made through the office and school nurse, with the proper completed district form.

* Note: Start in the 2020-2021 school year, all students without a proper approved exemption must be up to date on all immunizations to attend school. Due to new state requirements, the student will not be able to attend until a completed CIS form has been submitted to the district.

Associated Student Body (ASB) Cards

ASB cards entitle students to participate in certain extracurricular activities, and as well as games or dances. **ASB cards are required for participation in extra-curricular activities and are at no charge for all students**

Athletics

Students planning to turn out for any sport must complete the following requirements prior to turning out for a sport or athletic activity:

1. Student must pass a physical examination and provide proof of exam every two years.
2. Student must provide proof of medical or student insurance.
3. Student must return signed parental consent forms.
4. Student must have an ASB card (when available) before the first practice.

All forms are available in the office and on Family Access in Skyward. Students must turn in physical, insurance and consent forms before being allowed to practice in extra-curricular athletics.

The eligibility rules are explained in the co-curricular code packet. Students must possess an ASB card to participate. Dress code provisions apply to the participating students in these programs.

The following sports are offered at the Wilson Creek School District, based on minimum number of qualified participants. The superintendent makes the decision, with input from the coach and athletic director, on the first day or practice whether enough student athletes are participating.

	<u>High School</u> -(if available for combine)	<u>Middle School</u>
Fall:	Football, volleyball and cross-country	Football, basketball
Winter:	Basketball	Volleyball
Spring:	Baseball, softball , golf (if available for combine), track	Baseball, track

Student Insurance

Insurance is available for each student to purchase. Only athletes are required to have insurance, but you are encouraged to purchase it if any other insurance program does not cover you. Note: School District Liability will not automatically cover student accidents occurring on school grounds, including but not limited to playground accidents, shop or physical education class accidents, or other accidents.

Telephone/Cell Phone Use

The school telephone is not for general student population use. Students need teacher and office permission to use the office phone, however, students should not be dismissed from class to use the office phones. Telecommunication devices for 5-12th grade students shall be turned on and operated only before and after the regular school day, **passing periods unless used during a teacher directed learning activity** and during the student's lunch break, unless an emergency exists that involves imminent physical danger, or a school administrator authorizes the student to use the device. **Cell Phones are required to remain in a student's**

backpacks during class. Cell Phones are not allowed for use in grades P3-4th during the school day or during their lunch. No charging of telecommunication devices on school grounds will be permitted. *(See Policy 3245 and Procedure 3245p for additional information on district expectations, offences, and discipline, page 42-45.)*

District PE Uniforms	\$20 (District supplied- see page 17)
----------------------	---------------------------------------

Visitors

Parents/guardians are always welcome. The principal/superintendent, teachers and staff are always pleased to have the opportunity to talk with you. A visit will probably be more satisfactory if you observe the following suggestions:

1. Check with the teacher prior to visiting the classroom to assure a time that will be convenient and not a disruption, as well as be of interest to you.
2. All conferences need to be arranged for times other than when classes are in session.
3. Please do not bring small children to the classrooms when visiting.

Parents, guardians, visitors, and alumni must report to the office and obtain permission and a displayed pass to be on campus. Student visitors are not allowed, except under special circumstances, to visit the school during school hours. The principal/superintendent, with at least one-day prior approval, may grant exceptions. Visitors are subject to all the rules of Wilson Creek School District students while on campus. This includes all school premises during school hours/activities, including the student parking lot and road.

Safety is a priority for students and staff at the Wilson Creek School District. There is a zero-tolerance policy regarding violence and unsafe behaviors that are the basis for requiring all visitors to report to the office and receive a visitor’s pass to wear while they are visiting school grounds.

Behavior Incentive Activities and Guidelines

Part of the mission of the Wilson Creek School District is that every student strives for achievement at the highest level. Students who abide by standards of behavior, maintain regular attendance, and make a satisfactory effort to achieve to the utmost of their ability will be rewarded. The purpose of incentive activities is to provide an opportunity for fun and a gesture of appreciation for those students who are eligible to attend Behavior Incentive Activities based on student performance. The Wilson Creek School District has also established a program of Guiding principles. The Guiding principles were recognized in the acronym of FIRE for Focus, Integrity, Respect and Empathy.

Daily Bulletin and Distribution of Materials

Each morning, announcements concerning the day's activities and future events will be given over the intercom. It is important that students pay attention when the announcements are made, as many notices will have information that may be important to them. The announcement is used to communicate information necessary for the orderly function of the school and may not be used otherwise. Distribution of other materials or publications must have prior approval of the principal/superintendent.

Report Cards

Report cards are issued to the students four times a year – at the end of each quarter. At the end of the second quarter (eighteen weeks), the first semester report card is issued indicating the final semester grade. The final report card for the second semester will be mailed home after school is out in June. See bell schedule under student info on the district website for more details regarding yearly report card release dates.

Weekly Grade Check

Any student receiving a “D” in any subject for the week or quarter is reported to the parent/guardian via Family Access and placed on the eligibility list under Cause for Concern. An email will also be sent out to the parent/guardians who have opted for family access regarding their students. Any student failing a class will initially be placed on the Ineligibility List under Probation. If the student continues to have an “F” in *any class* during the following weekly grade check; the student is then placed on the Ineligibility List under Ineligible until an improved grades is reported proved by the weekly grade check. Once a student has been removed from the eligibility list due to improvement the process will then repeat as listed above. Grades will report under the ATH column in the student's grade book in Skyward. The list for eligibility will post mid-morning on Monday and will take effect the same day. Students who are on the ineligible portion of the list will be able to practice but not participate in any athletic events, home or away. Students will be ineligible until the following week's grade check takes effect on Monday. Grades will clear from the ATH column mid-Friday morning leaving the ability for teaching staff to enter updated grades for the following week. (Information regarding eligibility for field trips can be found in the Student Handbook on page 46)

** See additional information in the Wilson Creek Co-Curricular Sports Packet June 2020 release.

Student Dress Code

WILSON CREEK SCHOOL DISTRICT DRESS CODE

GUIDELINES: Preserving a beneficial learning environment and assuring the safety and well-being of all students are primary concerns of the school district and staff. Students are expected to come to school in attire that demonstrates that they show FOCUS, INTEGRITY, RESPECT, and EMPATHY.

RESPONSIBILITIES: Parents have responsibility for seeing that their students are appropriately dressed for school. As such, student choices in matters of dress should be made in consultation with their parents and be consistent with the attributes Wilson Creek works hard to instill in each student – Focus. Integrity. Respect. Empathy. School personnel have the responsibility for maintaining and enforcing an appropriate dress code that is conducive to learning. School administration is the final authority in determining the appropriateness of dress.

EXPECTATIONS

FOCUS

- Wear clothing that is suitable for all scheduled classroom activities
- Always wear appropriate footwear (no bare feet, slippers, or stocking feet)

INTEGRITY

- Wear clothing and accessories that are completely free from advertising, displays, or suggestions of drugs, alcohol, sex, profanity, discrimination, or violence.
- Wear clothing that is free of gang associations and or tag names.
- Strapless clothing is prohibited.

RESPECT

- Wear clothing that both sitting or standing keeps undergarments, chest, stomach, and private areas fully covered. (Skirts and shorts that come down to the fingertips when standing are generally acceptable).
- Follow your teacher's classroom policy regarding hats, hoods, or any other headwear.

EMPATHY

- Dress in a way that is not disruptive to the educational environment or dangerous to yourself or others.

CONSEQUENCES

If students wear attire that is in violation of the dress code, they will be given the option to change or to call home to have appropriate clothing brought to them. If a student chooses not to wear replacement clothing

items available from the main office, students may be asked to remain in the office until the parent is able to deliver replacement attire to school.

Students who violate any section of the dress code a second time, in addition to changing clothes/appearance, will automatically revert to the procedures of Board Policy 3300P: Minor Offenses, and receive the defined consequence for each of the actions.

Students who violate provisions of the dress code relating to extra-curricular activities may be removed or excluded from the extra-curricular activity for such period as the principal/superintendent may determine. All students shall be afforded due process for safeguards before any corrective action may be taken.

First Aid and Accidents

During the period of a school year, with many students, we must expect and plan for a few accidents. Every precaution is taken to prevent such mishaps. It is very important that each student and parent/guardian know the procedure to follow in case of an accident. The student must report the accident and what happened to a teacher, paraprofessional, or staff member. If medical attention is needed, the person in charge will bring the student to the office for aid, or aid will be brought to the student. The staff offers only minimum first aid, except for an occasion where a more advanced staff member or school nurse is available. If the injury or illness appears serious enough to seek formal medical attention, the school will make every effort to contact the parent/guardian.

School administration will make a decision to call an ambulance if it is needed. It is very important that the parent/guardian fill out and keep current the information with the school regarding emergencies. **When parents/guardians are away, please notify the school and indicate someone to contact in the event of an emergency.**

Cafeteria and Commons

Focus	Integrity	Respect	Empathy
Focus on food choices	Clean up after yourself	Be in your space	Help others
Eat your meal	Use good manners	Maintain proper volume when talking	Use appropriate conversation

Lockers

There are lockers available for students in grades 5-12, which are first come first served at the beginning of each school year. Student must be present to receive a locker. Locker will be available for selection during open house before the start of each school year. Students in 3-4 grade will have lockers assigned.

Students are responsible for items in their lockers and should keep them neat and secure. Student books and bags must be kept in their locker or hung on hallway racks. Student coats, backpacks, bags, books, etc., should not be left on the hallway floor at any time.

All lockers have been cleaned and inspected before school starts. The locker is free of debris and illegal substances. Student lockers remain the property of the Wilson Creek School District. To avoid problems, use only your locker. Keep your locker clean and throw away old lunches, pop cans, etc. use magnets to decorate your locker. Do not use stickers, masking tape or strapping tape.

Students may not bring their own locks for their lockers. Locks may be checked out from the office.

Searches of Students, Student Lockers, or Student Property

School officials may inspect lockers when looking for library books or other school property, or when there is a reasonable cause to suspect something within the locker represents a danger, either to the student or other students. When school officials have reason to believe something that violates school rules or the law is being concealed in a student's locker, they may search that locker without the student's presence. However, the student may be requested to be present as well.

When school officials have a reasonable suspicion that a student is concealing something on their person or in their property (including vehicles) that violates the school rules or the law, they may conduct a search. Wilson Creek School District contracts with an outside agency that provides canine searches. These dogs may randomly visit the school for searches of lockers, backpacks, vehicles, and other items located on school property.

Student Disciplinary Procedures

PHILOSOPHY STATEMENT

Wilson Creek School places a high priority on maintaining positive behavior standards designed to assist students to achieve the school mission. We believe that all children have the right to learn and succeed, and that no one has the right to neither interfere with student learning nor interfere with the teacher and the educational process.

DISCIPLINARY PROCESS

The disciplinary process at school begins in the classroom or school setting, i.e. school bus, lunch room, playground, gymnasium, etc. Students are expected to follow the behavior standards set in each classroom or school environmental setting. Referral to the principal/superintendent on a Discipline Notice form occurs to those students who cannot follow school rules.

Once referred to the principal/superintendent, a student will be processed in accordance with the circumstances of the misbehavior in compliance with statutory limitations and in accordance with recommended guidelines are provided in this discipline document. Notifications of a referral to the principal/superintendent will be communication to a student's parent/guardian by a copy of the Discipline Notice being sent to the parent/guardian. In addition, custodial parents and guardians may request the office to contact them in cases of referral.

If an out-of-school suspension occurs, the parent/guardian will be called to immediately pick up their child. A conference with the principal/superintendent is to occur at the time the parent/guardian picks up their child or prior to the student's return to school following a suspension. The object of all disciplinary actions is to change behavior to be in compliance with socially acceptable, positive standards of behavior in order to assist the student to achieve the educational mission.

DISTRICT LEVEL DISCIPLINE GUIDELINES

The disciplinary process for handling misbehavior referrals to the principal/superintendent is based on a progressive system. Except in cases of what is considered "more serious misbehaviors," which are prescribed in the grid guideline below, management of student behavior referrals is based on the philosophy of providing for safety and stability of the educational process while attempting to change unwanted behaviors.

This is a continuum of behavior modification interventions that begin at the classroom level.

Appeal Process: Students accused of a violation of district policy, rules or regulations shall be afforded an appeal process. The first level of the appeal process should be with the adult making the accusation of the violation. The second level of the appeal process is with the principal/superintendent or athletic director (if it is extra-curricular in nature). If the incident is dealing with athletics, the appeal will then go onto the principal. The third level of the appeal process is with the superintendent.

The final level of the appeal process is with the Board of Director and their next regularly scheduled meeting. Depending on the consequences involved, the superintendent may opt to suspend discipline until after the Board has had an opportunity to hear the appeal and rule on the appeal. In each case of the appeal process, the student and/or parent/guardian will be informed in writing within five (5) school days of the appeal.

Student Disciplinary Procedures (continued)

Severity Clause: Administration will enact the Severity Clause any time a student willfully disregards a consequence or commits an act so severe that requires the administration to advance the student on the consequence progression or utilize Exceptional Misconduct consequences.

Notification of Authorities: Under any action by the student that violates city, county, state or federal laws or regulations, a possible referral to appropriate law enforcement or other authorities will be contingent upon the nature of the student action.

MILD/CHRONIC MISBEHAVIOR

These student behaviors include making noises, not working, teasing, talking out, or other disruptions for which specific rules exist or staff permission has not been given. Normally, the adult in charge of the setting (e.g., teacher, paraprofessional) where the problem occurred will handle these offenses in a brief and calm manner so as not to disrupt the teaching/learning process.

We expect that most of our students will strive to meet our expectations for responsibility and self-discipline. However, we also recognize that no single set of procedures will work to help every student develop the behavioral skills and attitudes needed to be successful in school. Therefore, this series of interventions is designed for any student who has not been motivated by our school-wise procedures. As we adapt our procedures, the focus will remain positive, while recognizing a continuing need for calm and consistent consequences.

Discipline steps once a student has been referred to the principal:

Action Step 1

Strategy: Verbal warning, parent/guardian notification, detention and review of behavior expectation.

Action Step 2

Strategy: Loss of recess or assignment to a detention after school hours; parent/guardian notified.

Strategy: Time out in a specified area with student completing a written statement regarding behavior; parent/guardian notified.

Strategy: Loss of playground privilege, other behavior restrictions, or written statement of action and desired action; parent/guardian notified.

Action Step 3

Strategy: Parent/guardian scheduled conference of behavior concerns; 1-2 days In-School-Suspension; referral to Child Study Team.

Student Conduct Expectations and Reasonable Sanctions

Failure to do so will be cause for disciplinary action. All students will submit to reasonable discipline by the school district and its representatives for violations of policies, regulations and rules.

Guidelines for Sanctions

Chapter 392-400 WAC contains the following restrictions for suspensions:

- Kindergarten through grade four - No student in grades kindergarten through four shall be subject to short-term suspensions for more than a total of ten school days during any single semester or trimester as the case may be, and no loss of academic grades or credit shall be imposed by reason of the suspension of such a student.
- Grades five and above program - No student in grade five and above program shall be subjected to short-term suspension for more than a total of fifteen school days during any single semester or ten school days during any single trimester, as the case may be.

In all cases where sanctions are imposed, a reasonable effort to contact parents or guardians will occur prior to, or contemporaneous with, the imposition of the sanction, in addition to any written notice required by law. When a school administrator determines that there is an immediate and continuing threat to the student or school staff, or an immediate and continuing threat of substantial disruption of the educational process, immediate emergency removal or emergency expulsion may be appropriate.

In conjunction with the following sanction guidelines, administrators may also consider any alternative form of corrective action—including programs intended to lessen the time of exclusion from class attendance—which has been approved by the Board of Directors and/or Superintendent. The district encourages the use of alternative forms of correction action when possible and practicable in light of the duty to maintain safe and orderly school environments conducive to student learning.

In addition to school sanctions, administrators should determine whether restitution for damage or injury should be considered.

Implementing the Guidelines for Sanctions

It is presumed that school administrators will sanction a student for the following offenses within each listed standard range, beginning at the presumptive sanction and determining whether mitigating or aggravating factors warrant a sanction higher or lower within the standard range. School administrators are expected to use their professional judgment and experience when assigning students sanctions and will, to the best of their abilities, attempt to apply these sanctions to all similarly-situated students in a fair and equitable manner. The administrator’s judgment and discretion will carefully balance the duty to maintain order and discipline in a safe school environment, the appropriate corrective action needed to address the student’s misconduct, and the student’s long-term educational success.

The sanctions below do not prohibit administrators from considering approved alternatives to out-of-school suspension or expulsion, including in-school suspension. The standard range for each offense does not prohibit a school administrator from exceeding the range, up to and including expulsion, if sufficient aggravating factors warrant such corrective action or if the threat of danger or substantial disruption supports an emergency expulsion under WAC 392-400-295.

However, an administrator may decide not to subject a student to discipline if, following a reasonable investigation, the administrator determines that all of the following are true:

- a student who is being assaulted or witnesses another student being assaulted acts only in a manner that is defensive and protective of himself/herself or others;
- the student is acting in a manner that a building administrator determines is reasonable and necessary in light of the circumstances; and

If a student has been suspended or expelled, the student may not be readmitted until the student or parents or legal guardian has made payment in full, or until the superintendent directs otherwise. If the property damaged is a school bus owned and operated by the district, a student suspended for the damage may not be permitted to enter or ride any school bus until the student or parent or legal guardian has made payment in full or until directed otherwise by the superintendent.

When the pupil and parent or guardian are unable to pay for the damages, the school district will provide a program of voluntary work for the pupil in lieu of the payment of monetary damages. Prohibition of Harassment, Intimidation and Bullying

The district is committed to a safe and civil educational environment for all students, employees, parents/legal guardians, volunteers and patrons that is free from harassment, intimidation or bullying. “Harassment, intimidation or bullying” means any intentionally written message or image — including those that are electronically transmitted — verbal, or physical act, including but not limited to one shown to be motivated by race, color, religion, ancestry, national origin, gender, sexual orientation including gender expression or identity, mental or physical disability or other distinguishing characteristics, when an act:

- Physically harms a student or damages the student’s property.
- Has the effect of substantially interfering with a student’s education.
- Is so severe, persistent or pervasive that it creates an intimidating or threatening educational environment.
- Has the effect of substantially disrupting the orderly operation of the school.

Nothing in this section requires the affected student to actually possess a characteristic that is a basis for the harassment, intimidation or bullying.

“Other distinguishing characteristics” can include but are not limited to: physical appearance, clothing or other apparel, socioeconomic status and weight.

“Intentional acts” refers to the individual’s choice to engage in the act rather than the ultimate impact of the action(s).

BEHAVIORS/EXPRESSIONS

Harassment, intimidation or bullying can take many forms including, but not limited to, slurs, rumors, jokes, innuendoes, demeaning comments, drawings, cartoons, pranks, gestures, physical attacks, threats or other written, oral, physical or electronically transmitted messages or images.

This policy is not intended to prohibit expression of religious, philosophical, or political views, provided that the expression does not substantially disrupt the educational environment. Many behaviors that do not rise to the level of harassment, intimidation or bullying may still be prohibited by other district policies or building, classroom or program rules.

TRAINING

This policy is a component of the district’s responsibility to create and maintain a safe, civil, respectful and inclusive learning community and shall be implemented in conjunction with comprehensive training of staff and volunteers.

Prevention

The district will provide students with strategies aimed at preventing harassment, intimidation and bullying. In its efforts to train students, the district will seek partnerships with families, law enforcement and other community agencies.

Interventions

Interventions are designed to remediate the impact on the targeted student(s) and others impacted by the violation, to change the behavior of the perpetrator, and to restore a positive school climate.

The district will consider the frequency of incidents, developmental age of the student, and severity of the conduct in determining intervention strategies. Interventions will range from counseling, correcting behavior and discipline, to law enforcement referrals.

Retaliation/False Allegations

Retaliation is prohibited and will result in appropriate discipline. It is a violation of this policy to threaten or harm someone for reporting harassment, intimidation, or bullying.

It is also a violation of district policy to knowingly report false allegations of harassment, intimidation, and bullying. Students or employees will not be disciplined for making a report in good faith. However, persons found to knowingly report or corroborate false allegations will be subject to appropriate discipline.

Compliance Officer

The superintendent will appoint a compliance officer as the primary district contact to receive copies of all formal and informal complaints and ensure policy implementation. The name and contact information for the compliance officer will be communicated throughout the district.

The superintendent is authorized to direct the implementation of procedures addressing the elements of this policy.

Procedure: Prohibition of Harassment, Intimidation and Bullying

Informal Complaint Process: Anyone may use informal procedures to report and resolve complaints of harassment, intimidation or bullying. At the building level, programs may be established for receiving anonymous complaints. Such complaints must be appropriately investigated and handled consistent with due process requirements. Informal reports may be made to any staff member, although staff shall always inform complainants of their right to, and the process for, filing a formal complaint. Staff shall also direct potential complainants to an appropriate staff member who can explain the informal and formal complaint processes and what a complainant can expect. Staff shall also inform an appropriate supervisor or designated staff person when they receive complaints of harassment, intimidation or bullying, especially when the complaint is beyond their training to resolve or alleges serious misconduct.

Informal remedies include an opportunity for the complainant to explain to the alleged perpetrator that the conduct is unwelcome, disruptive or inappropriate, either in writing or face-to-face; a statement from a staff member to the alleged perpetrator that the alleged conduct is not appropriate and could lead to discipline if proven or repeated; or a general public statement from an administrator in a building reviewing the district harassment, intimidation and bullying policy without identifying the complainant. Informal complaints may become formal complaints at the request of the complainant, parent, guardian or because the district believes the complaint needs to be more thoroughly investigated.

Formal Complaint Process: Anyone may initiate a formal complaint of harassment, intimidation or bullying, even if the informal complaint process is being utilized. Complainants should not be promised confidentiality at the onset of an investigation. It cannot be predicted what will be discovered or what kind of hearings may result. Efforts should be made to increase the confidence and trust of the person making the complaint. The district will fully implement the anti-retaliation provisions of this policy to protect complainant(s) and witness(es). Student complainants and witnesses may have a parent or trusted adult with them, if requested, during any district-initiated investigatory activities. The superintendent or designated compliance officer (hereinafter referred to as the compliance officer) may conclude that the district needs to conduct an investigation based on information in their possession regardless of the complainant's interest in filing a formal complaint. The following process shall be followed:

1. All formal complaints shall be in writing. Formal complaints shall set forth the specific acts, conditions or circumstances alleged to have occurred that may constitute harassment, intimidation or bullying. The compliance officer may draft the complaint based on the report of the complainant, for the complainant to review and sign.
2. Regardless of the complainant's interest in filing a formal complaint, the compliance officer may conclude that the district needs to draft a formal complaint based upon the information in the officer's possession.
3. The compliance officer shall investigate all formal, written complaints of harassment, intimidation or bullying, and other information in the compliance officer's possession that the officer believes requires further investigation.
4. When the investigation is completed the compliance officer shall compile a full written report of the complaint and the results of the investigation. If the matter has not been resolved to the complainant's satisfaction, the superintendent shall take further action on the report.

Procedure: Prohibition of Harassment, Intimidation and Bullying

- A. The superintendent or designee, who is not the compliance officer, shall respond in writing to the complainant and the accused within thirty days stating:
1. That the district intends to take corrective action; or
 2. That the investigation is incomplete to date and will be continuing; or
 3. That the district does not have adequate evidence to conclude that bullying, harassment or intimidation occurred.
- B. Corrective measures deemed necessary will be instituted as quickly as possible, but in no event more than thirty days after the superintendent's written response, unless the accused is appealing the imposition of discipline and the district is barred by due process considerations or a lawful order from imposing the discipline until the appeal process is concluded.
- C. If a student remains aggrieved by the superintendent's response, the student may pursue the complaint as one of discrimination pursuant to Policy 3210, Nondiscrimination, or a complaint pursuant to Policy 4220, Complaints Concerning Staff or Programs.

A fixed component of all district orientation sessions for employees, students and regular volunteers shall introduce the elements of this policy. Staff will be provided information on recognizing and preventing harassment, intimidation or bullying. Staff shall be fully informed of the formal and informal complaint processes and their roles and responsibilities under the policy and procedure. Certificated or professionally licensed staff shall be reminded of their legal responsibility to report suspected child abuse, and how that responsibility may be implicated by some allegations of harassment, intimidation or bullying. Classified employees and regular volunteers shall get the portions of this component of orientation relevant to their rights and responsibilities.

Students will be provided with age-appropriate information on the recognition and prevention of harassment, intimidation and bullying, and their rights and responsibilities under this and other district policies and rules at student orientation sessions and on other appropriate occasions, which may include parents. Parents shall be provided with copies of this policy and procedure and appropriate materials on the recognition and prevention of harassment, intimidation and bullying including electronically transmitted messages or images.

CONSEQUENCES & INTERVENTIONS

Administration can initiate consequences at any level, dependent upon severity of the bullying or harassment incident.

Level I: One (1) day of out-of-school suspension (OSS), with parent re-entry conference

Level II: Three to five (3-5) days of OSS, with parent re-entry conference

Level III: One to five (1-5) days of out-of-school suspension (OSS); parent re-entry conference

Level IV: Long-term OSS, with parent re-entry conference

Level V: Expulsion

Discrimination Complaint Procedure

Under state law (WAC [392-190-060](#)), school districts and public charter schools must annually inform all students, parents, and employees about the district's or charter school's sexual harassment and discrimination complaint procedures. This notice must be provided in a language that each parent and guardian can understand, which may require that the district or charter school translate this information for limited-English proficient parents and guardians.

OSPI's Equity and Civil Rights Office has developed the following sample wording that school districts and charter schools may include in student and/or staff handbooks or other district publications to meet compliance requirements.

COMPLAINTS ABOUT DISCRIMINATION, DISCRIMINATORY HARASSMENT, AND SEXUAL HARASSMENT

Discrimination Complaint Procedure (Continued)

What is discrimination?

Discrimination is unfair or unlawful treatment of a person or group because they are part of a defined group, known as a protected class. Discrimination may include treating a person differently or denying someone access to a program, service, or activity because they are part of a protected class, or failing to accommodate a person's disability.

What is a protected class?

A protected class is a group of people who share common characteristics and are protected from discrimination and harassment by federal, state, or local laws. Protected classes under Washington state law include sex, race, color, religion, creed, national origin, disability, sexual orientation, gender expression, gender identity, veteran or military status, and the use of a trained dog guide or service animal.

How do I file a complaint about discrimination?

If you believe that you or your child has experienced unlawful discrimination or discriminatory harassment at school based on any protected class, you have the right to file a formal complaint. For a full copy of the school district's nondiscrimination procedure, visit www.wilsoncreek.org or contact the school district at **509-345-2541**.

Before filing a complaint, you may wish to discuss your concerns with your child's principal or with the school district's Section 504 Coordinator, Title IX Officer, or Civil Rights Compliance Coordinator. This is often the fastest way to revolve your concerns.

Title IX and Civil Rights Compliance Coordinator: Anna Thomas
Section 504 coordinator: Laura Christian

Step 1: Complaint to the School District

In most cases, complaints must be filed within one year from the date of the event that is the subject matter of the complaint. A complaint must be in writing, describe what happened, and state why you believe it is discrimination. It is also helpful to include what actions you would like the district to take to resolve your complaint.

Complaints may be submitted by mail, fax, e-mail, or hand delivery to any district or school administrator or the district's Compliance Coordinator.

When the school district receives your written complaint, the Compliance Coordinator will give you a copy of the district's discrimination complaint procedure. The Compliance Coordinator will then make sure that the school district conducts a prompt and thorough investigation. You may also agree to resolve your complaint in lieu of an investigation.

The school district must respond to you in writing within 30 calendar days after receiving your complaint, unless you agree on a different date. If exceptional circumstances related to the complaint require an extension of the time limit, the school district will notify you in writing about the reasons for the extension and the anticipated response date.

When the school district responds to your complaint, it must include:

1. A summary of the results of the investigation;
2. Whether or not the school district has failed to comply with civil rights requirements related to the complaint;
3. Notice of your right to appeal, including where and to whom the appeal must be filed; and
4. Any corrective measures determined necessary to correct any noncompliance.

Step 2: Appeal to the School District

If you disagree with the school district's decision, you may appeal to the school district's board of directors. You must file a notice of appeal in writing to the secretary of the school board within 10 calendar days after you received the school district's response to your complaint.

The school board will schedule a hearing within 20 calendar days after they received your appeal, unless you agree on a different timeline. At the hearing, you may bring witnesses or other information related to your appeal.

The school board will send you a written decision within 30 calendar days after the district received your notice of appeal. The school board's decision will include information about how to file a complaint with OSPI.

Step 3: Complaint to OSPI

If you do not agree with the school district’s appeal decision, you may file a complaint with the Office of Superintendent of Public Instruction (OSPI). A complaint must be filed with OSPI within **20 calendar days** after you received the district’s appeal decision. You may send your complaint to OSPI by e-mail, mail, fax, or hand-delivery:

E-mail: Equity@k12.wa.us

Fax: (360) 664-2967

Mail: OSPI Equity and Civil Rights Office, PO Box 47200, Olympia, WA 98504-7200

Complaints cannot be filed with OSPI unless they have already been raised with the school district and appealed, as outlined in Steps 1 and 2 above, or if the school district did not follow the correct complaint and appeal procedures.

For more information, visit www.k12.wa.us/Equity/Complaints.aspx, or contact OSPI’s Equity and Civil Rights Office at (360) 725-6162/TTY: (360) 664-3631 or by e-mail at equity@k12.wa.us.

Different Forms of Sexual Harassment

Unwelcome Sexual Advances or Behaviors:

Unwelcome sexual advances, requests for sexual favors, visual or physical conduct of a sexual nature made by someone from or in the work or educational setting is considered harassment when:

- Submission, either expressly or by implication, is a term or condition of any individual’s employment or participation in an educational program;
- The conduct has the effect of unreasonably interfering with one's work or academic performance;
- Submission to or rejection of the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits, honors, grades, assignments, programs or activities.

Quid Pro Quo Sexual Harassment:

Quid Pro Quo means “You do something for me and I’ll do something for you.” Basically, it means sex for jobs, benefits, grades, assignments or honors. It may be based on a single incident or a series of incidents. It may be based on harassment from a teacher to a student, an administrator to a teacher, or a student in a position of responsibility to a student.

Hostile Environment Sexual Harassment:

Hostile environment sexual harassment is the most common. It includes any sexually oriented conduct or any sexually oriented atmosphere or environment that is intimidating or offensive to a "reasonable victim" of the same or other gender. It usually involves a series of incidents or conduct rather than a single incident.

Hostile environment sexual harassment in schools could be any sexual-based annoyance such as:

- Sexual jokes;
- Graffiti or signs;
- Suggestive remarks;
- Comments or groping/touching other students in classrooms or the halls;
- Physical interference with movements, such a blocking or following; and/or
- Sexually derogatory comments.

Student Electronic Device Use

Please see following pages for school board policy and procedure 3245 and 3245P

Personal electronic devices, including but not limited to cell phones, iPods, CD players, mp3 players, video game players, etc., create a disruption to the educational process. Furthermore, these devices are targets of student theft and are seldom recovered. It is strongly recommended that students leave these devices at home. The school does not accept responsibility for loss or theft of any of these items while on campus or at school events.

Students using or displaying any electronic devices in any area of the high school campus during school hours (*upon arriving at school until the 3:15 pm dismissal bell*) will have them confiscated and will be subject to discipline.

EXCEPTION: If parents would like students to have electronic devices at school, students may use them during their lunch period in the designated areas (commons and outside), during passing periods, unless used during a teacher directed activity only. During school hours, items are to be **turned off and out of sight in a backpack not on the person**. School hours are considered 7:55 am to 3:15 pm

Consequences for violating the electronic use policy will be:

- **FIRST OFFENSE:** The device will be held in the office. Students will receive an infraction letter. They will be required to read and sign the policy when the device is picked up at the end of the school day.
- **SECOND OFFENSE:** The device will be held in the office for parent/guardian pick-up. The student will again sign the infraction letter. The parent/guardian will also be required to sign the infraction letter.
- **SUBSEQUENT OFFENSE(S):** The device will be held in the office for parent/guardian pick-up. Student will receive discipline subject to administrative discretion such as: detention, in-school suspension or out-of-school suspension. In addition, the student may not possess personal electronic devices at school for a period of time subject to administrative discretion.

NOTE: If the incident also includes violation of other school rules, additional discipline may be applied subject to administrative discretion.

Student Electronic Device Infraction Procedure

1. Teacher confiscates device from student.
2. The personal electronic device will be delivered to the office.
3. Secretary will place the confiscated device in a secure location.
4. Discipline will be administered according to the above-listed process.
5. Student signs the infraction letter prior to the return of the device.

If the student refuses to give the electronic device to the teacher, the teacher will explain the choices to the student of giving the device to the teacher or facing further consequences.

If the student still refuses, without further confrontation, the teacher will call the office and request an administrator or security to remove the student from class.

The student will be escorted to the office and receive discipline for electronic device use infraction and for defiance.

STUDENTS AND TELECOMMUNICATION DEVICES

Students in possession of telecommunications devices, including, but not limited to, pagers, beepers and cellular phones, while on school property or while attending school-sponsored or school-related activities shall observe the following conditions:

1. Telecommunication devices shall be turned on and operated only before and after the regular school day and during the student's lunch break, unless an emergency situation exists that involves imminent physical danger or a school administrator authorizes the student to use the device.
2. Students shall not use telecommunication devices in a manner that poses a threat to academic integrity, disrupts the learning environment or violates the privacy rights of others.
3. Students shall not send, share, view or possess pictures, text messages, emails or other material depicting sexually explicit conduct, as defined in RCW 9.68A.011, in electronic or any other form on a cell phone or other electronic device, while the student is on school grounds, at school sponsored events or on school buses or vehicles provided by the district.
4. When a school official has reasonable suspicion, based on objective and articulable facts, that a student is using a telecommunications device in a manner that violates the law or school rules, the official may confiscate the device, which shall only be returned to the student's parent or legal guardian.
5. By bringing a cell phone or other electronic devices to school or school-sponsored events, the student and their parent/guardian consent to the search of the device when school officials have a reasonable suspicion, based on objective and articulable facts, that such a search will reveal a violation of the law or school rules. The scope of the search will be limited to the violation of which the student is accused. Content or images that violate state or federal laws will be referred to law enforcement.
6. Students are responsible for devices they bring to school. The district shall not be responsible for loss, theft or destruction of devices brought onto school property or to school sponsored events.
7. Students shall comply with any additional rules developed by the school concerning the appropriate use of telecommunication or other electronic devices.
8. Students who violate this policy will be subject to disciplinary action, including suspension or expulsion.

These interventions may include consultation, counseling, education, mediation and/or other opportunities for problem-solving.

Public Displays of Affection (PDA)

Wilson Creek School District endeavors to build a positive learning community with all of our children from 3-year-old preschool students through 12th grade. Due to the size of our school and our close proximity to each other, we will inevitably see each other throughout the day whether it is during a passing period, or a bus ride to or from school. And due to those contacts, we expect students, especially older students, to set good examples for other students regarding displays of physical affection.

PUBLIC DISPLAY OF AFFECTION

This is defined as anything more than holding hands on school grounds during the normal school day. Infractions in this area will result in a conference between the participants and administration and will lead to further discipline if the behavior continues.

Retention Procedure

The Wilson Creek School District is dedicated to the continuous progress of students at the highest level of their abilities. The Wilson Creek School District also understands that the responsibility entrusted to students and parents/guardians to complete assigned work to the best of his/her ability is an important trait that each graduate of Wilson Creek School District must possess. In the event that a student is having difficulties and retention is a possibility, the school's responsibility will be to:

1. Provide extra time before and/or after school to assist the student.
2. Keep the principal informed in writing of the success/failure of these efforts as requested.
3. By the end of each quarter the student's teacher(s) and administrator will meet to identify those students who are at risk of failing, in danger of the possibility of retention or not earning enough credits to move to the next grade. Teachers will then notify the parent via a phone call or e-mail or personalized letter of the student's difficulties in her/her class. (Weekly Grade Check letters do not count for this procedure.)
4. If retention is still an option by the end of the second quarter, a parent conference will be scheduled with the administrator, teacher, and other support services if necessary. Goals of this meeting will be to develop a Student Learning Plan (SLP), which will include, but not limited to, weekly parental contact.
 - a. Change, alter, or individualize the program to reasonably fit the needs and abilities of the student utilizing a variety of motivational techniques.
5. If the goals of the SLP have not been met by the end of the third quarter, the SLP Team will reconvene and seek assistance from special services.
 - a. Seek assistance from counseling, administration, and special services' sources to further address the student's needs and diagnose the deficiency.
6. If, at four weeks of the fourth quarter, retention is still a possibility, the SLP Team will convene to determine if the student will be retained the following year.
7. If the parent/guardian wishes the student to be promoted without regard to the SLP Team decision, the parent/guardian will be asked to schedule a meeting with the superintendent within three days of the SLP Team's decision. The decision to retain a student shall be the superintendent's, after having an opportunity to analyze the efforts and recommendations of the parent/teacher/administrator team. Any decisions affecting the following school year shall be made before school is out for the year.
8. If a parent is dissatisfied with the superintendent's decision, they may take their final appeal to the school board at the next scheduled school board meeting.

Bus Procedures and Regulations

Approximately 70% of our students ride buses to and from school. Each day children will be dismissed directly to buses unless we have written notification of a change to the exit plan. We must have a note from parents/guardians each time a child will not be riding his or her regular bus home. If we don't have a note, the child will be sent on the bus.

Students who come to school on the bus must return home on the bus unless they have a note from their parents stating otherwise. Riding the bus is a privilege, which may be denied if a student demonstrated improper conduct. Bus rules and disciplinary procedures are posted in each bus and follow this section of the handbook.

WILSON CREEK SCHOOL DISTRICT BUS RULES AND REGULATIONS

Rules for riding the bus shall be the same for classroom behavior and violations of rules dealing with school behaviors shall be simultaneously enforced for bus behavior. The district's dress code is in effect for all vehicle-riding instances.

The vehicle driver has authority and responsibility for the behavior of students using school district transportation. Students shall conduct themselves in accordance with the following rules and regulations. The right to use school district transportation may be denied to a student who violated these rules and regulations.

1. Students must never approach a bus until it has come to a complete stop and access doors have been opened.
2. Students shall cross the roadway only when the driver gives approval, and the crossing must be only in front of the bus.
3. A student shall not be allowed to depart the vehicle other than at his/her boarding place unless permission is first obtained from the school superintendent/principal or his/her designee. This includes athletic trips.
4. Articles, which may be hazardous in and of themselves, which could cause injury to passengers, shall not be transported in the passenger area of any school vehicle. The driver shall determine which articles are hazardous and are not to be transported in the passenger area of the vehicle. Glass containers are not allowed.

6. Students shall not be allowed to stand when the vehicle is in motion. (WAC 392-145-010)

15. Pupils at the bus loading area should exercise self-discipline.

17. Parents/guardians of students damaging school buses will be responsible for proper reimbursement to the school district.
18. Pupils must not at any time ride on the outside of the bus.

Rule infractions shall result in the following*:

First offense: Verbal warning

Second offense: Driver will have a private conversation with the student including a warning of future consequences. Parent/guardian notified.

Third offense: Driver issues a written report to the bus supervisor and the administration. The administration will contact the parents and notify them of the consequences of the student's behavior.

**The administration will be notified in writing on each offense.*

Extra-Curricular Bus Trips

The most important aspect of bus safety is the safety of our children riding the bus. However, some rules applied to route trips are inappropriate for extra-curricular and curricular field trips because of the presence of adult supervision and the trip's duration. All district discipline rules including dress code are in effect for riding in a district vehicle or on a school authorized trip. The purpose of the following safety guidelines is to adhere to the law (WAC 392-145-035), while also following the use of reason, common sense, and flexibility.

1. Identification of the individual who has authority over passengers:
 - a. Although it is realized that the bus driver is ultimately responsible for all activity on the bus, it will be expected when other adult supervision is available (coach, teacher, advisor, etc.), that the supervisor will be responsible for the behavior of the passengers.
 - b. If an infraction of a safety rule occurs, the driver is to communicate this to the supervisor for a remedy of the infraction.
 - c. If the remedy is not suitable to the driver, this information will be shared with the supervisor and reported to the transportation supervisor for follow-up action.
2. Student riding privileges:
 - a. Every student has the right to ride the bus to any activity of which he/she is a part.
 - b. Riding privileges can be revoked if unsafe behavior warrants it.
3. Procedures prior to loading:
 - a. Students are to cross in front of the bus when loading/unloading on a highway.
 - b. Never cross in between buses.
 - c. All trip buses will load in the parking lot for the gym/commons.
4. Loading/unloading procedures and seat assignments:
 - a. Loading/unloading of the bus will take place in an orderly and respectful manner.
 - b. Assigned seats will be given to those students exhibiting behavior that warrants separation from other students. These behaviors will be identified and acted on, by the supervisor.
5. Student conduct:
 - a. Students will behave with respect, adhering to all rules set forth in this document.
6. Acceptable practices with respect to talking, moving around the bus, use of windows and other behavior:
 - a. Students will remain seated while the bus is in motion or until the bus has come to a complete stop.

- b. Students may engage in activities, which are quiet and not a distraction to the driver, i.e., All students must be seated with the main part of their body in the seat “compartment.” Aisles must always remain clear.
 - c. Students may open windows only after receiving permission from the supervisor. At no time will a student place any part of his/her body through and outside of a window.
 - d. Throwing anything out of a window will result in a loss of riding privileges.
 - e. No one can lay down utilizing two separate seats and thus blocking the aisle of the bus.
7. Unacceptable hazards that may cause injuries to others:
- a. No glass containers are allowed on the bus.
 - b. All backpacks and “carry on” items are to be placed with the student within their riding compartment.
 - c. All loose equipment must be properly stored.
8. Bus cleanliness:
- a. It is the responsibility of the students and supervisors to leave the bus in a clean and orderly fashion.
 - b. Bus drivers will not leave the drop site until they are satisfied with the bus’s cleanliness.
 - c. Ultimately, the driver is responsible for the cleanliness of the bus.
9. Emergency exit procedures:
- a. Students will adhere to the posted accepted procedures of the school district.

Overnight Trips

Written guidelines will be distributed to students pertaining to the expectations and rules for overnight trips. These guidelines will include, but not be limited to, bed check, curfew, behavior, courtesy to others, times and conditions when students may be in rooms other than their own, boundaries of where and when to be and consequences for failure to follow guidelines.

Transportation Procedures

CO-CURRICULAR AND CURRICULAR FIELD TRIPS

The athletic director/employee requests bus departure times at least one week prior to away contests/trips. Copies of these requests are provided for coaches/staff at that time. Contact the athletic director/principal regarding time changes. Coaches/supervisors will ride the bus with the team/field trip class and oversee all students on the bus. Insist on proper behavior and see to it that bus rules are obeyed, and all garbage is picked up at the end of the trip. All athletes/students are to travel to and from athletic contests with the team in transportation provided by the school district. The only allowance of this procedure will be the four (4) districted-provided bus stops depending on trip location and road conditions.

All dress code requirements will apply to curricular and co-curricular trips.

Written requests from the parent/guardian to the athletic director/principal prior to departure for a contest can waive this requirement. The options available to the parent/guardian with a pre-departure approved written note to the athletic director or principal will be to have the player/participant ride with another party after the game/event. This request must be performed in writing from both parties and must be completed at least 24 hours in advance of the activity. This written note must specify who that party is and that party may not be another student, except when siblings are asked to transport other siblings.

The athletic director/principal will forward all such written requests to the transportation supervisor for notification of transportation drivers.

If extenuating circumstances arise following a contest/event, bus drivers or school district administrators can release players/participants to ride with their parent/guardian only. This is accomplished by the parent/guardian signing the school district's transportation release form with the district driver after the contest/event.

Players/participants eighteen (18) years of age and older will not be allowed to sign himself/herself off a bus.

BUS STOP AREA PERMISSION SLIP

The Wilson Creek School Transportation Department will establish the following bus stop areas for the purpose of pick-up and drop-off of students on co-curricular activities and curricular field trips.

- Soap Lake —————→ Safeway parking lot in Ephrata
- Stratford —————→ Stratford Post Office parking lot
- WCSD —————→ Upper parking lot

ACADEMIC ELIGIBILITY

Field Trips, Activities, Groups or Clubs: Students will have the opportunity to attend multiple curricular field trips throughout the year or join FBLA, FFA and a handful of other groups or clubs. Students who are on the ineligibility list receiving an "F" whether under the Probation or Ineligible column will not be able to attend off campus field trip or leave the school campus. Students will be ineligible until the next week's grade check takes effect on Monday. If an "F" is received as a quarter grade the student will be ineligible the first three weeks of the following quarter. A probationary period will not be granted in lieu of a failing quarter/semester grade. After the third week of a quarter the weekly eligibility list will be utilized to determine eligibility. This will also include the Year End Incentive trip. (*Addition details regarding the Year End Incentive trip can be found on page 57.*)

Network, Internet, and Computer Use

Dear parents/guardians,

We are pleased to offer students of the Wilson Creek School District access to the district computer network for internet access. To gain access to these services, all students must obtain parents/guardian permission, and sign and return the proper form to Miss Floetke. In addition, each student who wishes access to the internet must attend a one-hour training course during class (business class) or after school, on internet procedures and protocol.

The internet is a network of smaller networks that is also connected throughout the world. Through these networks, students will be able to research information stored on computers and share information with other computer users.

With this educational opportunity also comes responsibility. It is extremely important that you and your child understand and follow the rules and ethics governing computer networks. Please read the enclosed information and discuss it together. Users of the network are responsible for their own actions and violations of the rules can result in the loss of access to the network for a period of up to one year.

Access to the internet can also produce some risks of which you should be aware. In spite of our best efforts to provide a wholesome educational environment and monitor the network usage, it is still possible that your child may access information you think is inappropriate for their viewing. It is not possible to filter all information on other computers.

Individual users of the district network are responsible for their behaviors and communications over the network. It is presumed that users will comply with district standards and honor agreements they have signed. The district has set forth those standards but cannot be responsible for controlling the communication of individuals utilizing the network.

We expect this network to provide your student the opportunity to gather new information and explore out constantly changing universe. With home and school working in partnership, the school network and World Wide Web will be valuable learning tools for students.

If you have any questions or concerns, please contact Miss Floetke or myself at the school by calling 345-2541.

Sincerely,

Mrs. Laura Christian
Superintendent

Network, Internet, or Computer Misuse Discipline/Consequence Ladder

All network/internet/computer users have signed a User Agreement pledging they will abide by the Wilson Creek Network/Internet/Computer Users Guidelines before they are given their passwords and access. These guidelines are in place to safeguard the network/server structure and to provide each student a safe place to store assignments and other class work.

Violations of the guidelines will be categorized as either a “misuse” or a “severe misuse.” Repeat offenders will move up the ladder. All consequences will result in upward progression through the ladder; there will be no way to move down the ladder. Once you have been through the three steps of the “misuse” grid, you will automatically jump to the first stage of the “severe misuse” grid.

Misuse of your network/internet/computer privileges will result in the following consequences:

MISUSE

Infraction Level	Examples of possible infractions include, but are not limited to:	Consequence
Step 1	Giving out your password, using a teacher’s e-mail	Loss of network access for one month
Step 2		Loss of network access for six months
Step 3		Loss of network access for nine months

SEVERE MISUSE

Infraction Level	Examples of possible infractions include, but are not limited to:	Consequence
Step 1	Logging onto the network as someone else, using a teacher’s e-mail and sending vulgar or inappropriate messages	Loss of network access for twelve months

FAMILY INVOLVEMENT

It is the policy of the Wilson Creek School Board of Directors to encourage and support family involvement in education at home, in our schools and communities, and in school governance. The board recognizes the diversity of family structures, circumstances, and cultural backgrounds and respects families as important decision makers for their children's education. The Board is committed to the creation and implementation of culturally inclusive and effective school-family partnerships throughout the school district and in each school and believes these partnerships to be critical to the success of every student. The district's family involvement efforts will be comprehensive and coordinated.

The board recognizes that family involvement in education has a positive effect on student achievement and is an important strategy in reducing achievement gaps. The intent of this policy is to create and maintain a district-wide climate conducive to the involvement of families and to develop and sustain partnerships that support student learning and positive child and youth development in all schools.

The board is committed to professional development opportunities for staff and leadership to enhance understanding of effective family involvement strategies. The board also recognizes the importance of administrative leadership in setting expectations and creating a climate conducive to school-family partnerships.

In support of the implementation of this policy, a copy will be distributed to all schools, school staff, families, teachers and community members. Further, the district will provide support and guidance, to parents and teachers as they plan and implement effective family involvement efforts.

The Wilson Creek School Board of Directors support the development, implementation and regular evaluation of family involvement efforts that includes parents and family members at all grade levels in a variety of roles. The district will use the results of the evaluation to enhance school-family partnerships within the district.

The superintendent will develop procedures to implement this policy.

FAMILY INVOLVEMENT

DEFINITIONS:

The term “family” is used to denote parents, extended family, guardians, or other persons with whom the student lives. “Parent” or “family” may also include community members or other concerned adults involved in the student’s life, pursuant to state and federal laws surrounding confidentiality.

“Family Involvement” refers to school/family partnerships. It is the collaborative interaction between educators and families in activities that promote student learning and positive child and youth development at home, in school, and in the community, including but not limited to regular, two- way and meaningful communication between parents and school personnel; outreach to families; parent education; volunteering; school decision making; and advocacy.

IMPLEMENTATION:

The superintendent will identify a district administrator to supervise the implementation of this policy and procedure, and each school in the district will develop a family involvement plan aligned with their academic goals and/or school improvement plan and, if applicable, Title 1 services. Each plan will be tailored to the realities of school families, be culturally relevant to the school population and delineate strategies to greater family participation in education (particularly families who are economically disadvantaged, have disabilities, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background).

The district’s family involvement efforts will have six overarching goals. They will include, but not be limited to, the following research-based National Standards for Parent/Family Involvement in schools:

1. **Communicating:** Effective two-way communication between all parents and schools regarding district policies and procedures, local school operating procedures, and an individual child’s progress.
2. **Parenting:** Information and programs for parents on how to establish a home environment to support learning and appropriate behavior.
3. **Student Learning:** Information and programs for parents about how they can assist their own children to learn and meet the student’s short-term and long-term educational goals.
4. **Volunteering:** Activities to encourage a variety of parental volunteer opportunities in schools both in the classroom and in other areas of the school including attendance at local school programs and events.
5. **School Decision-Making and Advocacy:** Assistance to develop parental involvement in educational advocacy, including school district task forces and site based advisory committees.
6. **Collaborating with Community:** Identification and utilization of community resources to strengthen school and family partnerships and student learning.

In order to achieve these goals, the board, district, and school staff will comply with the roles and responsibilities that are outlined below.

FAMILY INVOLVEMENT (continued)

ROLES AND RESPONSIBILITIES

The Board will:

7. Provide assistance for families to understand topics such as the state academic content standards, and state and local academic assessments, and how to monitor a child's progress and work with educators to improve the achievement of their children. (For example, by publishing information in multiple languages and regularly communicating with families regarding academic requirements);

Attendance

PHILOSOPHY STATEMENT

The Wilson Creek School District considers regular attendance to be a necessary part of student learning. It is the district's desire to instill a sense of responsibility in each student that will carry over into the world of work. Students, in concert with their parents/guardians, are responsible for establishing and maintaining prompt and regular attendance as prescribed in the compulsory Attendance Law of the State of Washington (RCW 28A.225.10 and RCW 28A.225.20).

EXCUSED AND UNEXCUSED ABSENCES

Excused absences are those resulting from illness, medical/dental appointments and those pre-arranged with the principal by parents. If the student is ill and cannot attend school for the entire day, he/she will not be able to participate in any co-curricular or extra-curricular practices or activities. It is required that a note or phone call notification from the parents must be received to excuse an absence. **If a note or phone call is not received within two (2) school days following the absence, the absence will be marked as "unexcused."** If an absence is excused, the student shall be permitted to make up all missed assignments outside of class under reasonable conditions and time limits established by the appropriate teacher.

Unexcused absences: *Student absences will be considered unexcused if a student fails to bring an excuse note or if a phone call is not received within two (2) days following the absence* if the absence was due to a non-school related activity. Students receiving an unexcused absence will not be permitted to make up missed work assignments. All unexcused absences count toward the "Becca Bill" for reporting to the juvenile court system as outlined at the end of this attendance policy description.

TEN (10) DAY CREDIT/NO CREDIT PROCEDURE

Any student who misses ten (10) days during a single semester in any class may be in jeopardy of losing credit in that class.

- A. On the tenth (10th) absence (a combination of all excused and unexcused absences), discounting school-sponsored absences, the attendance officer will:
 1. Calculate the percentage of absences vs. total days in the semester thus far.
 2. Apply this percentage in the form of a deduction to the student's current grade.
- B. **On the eleventh (11th) absence, the student may lose credit for the semester in this class.**

*** WAC 180-40-235 states that student grades can be adversely affected by excused/unexcused absences.*

- C. The student may appeal all or part of this procedure within three school days to the attendance officer (principal) and superintendent.
- D. Exclusion from school (suspension and school-related absences) will not count toward the maximum ten (10) days of absenteeism.

Attendance (continued)

ATTENDANCE NOTIFICATION

1. Upon the accumulation of absence number three **(3)** in a class period, the student and parent(s)/guardian(s) will receive a letter notifying them of the absence total.
2. Upon the accumulation of absence number five **(5)** in a class period, the school principal will initiate and hold a meeting involving the student, parent(s)/guardian(s) and teacher. At this meeting, an attendance Probation Notice will be given to the student, which will be signed by the student, parent(s)/guardian(s), teacher, and principal. The student is notified that they are in danger of losing credit.
3. Upon the accumulation of absence number seven **(7)** in a class period, a certified letter will be mailed by the school district to the student and parent(s)/guardian(s) notifying them of the absence total and that they are in danger of losing credit.
4. Upon the accumulation of absence number ten **(10)** in a class period, the principal will once again initiate and hold a meeting involving the student, parent(s)/guardian(s) and teacher. At this meeting, the percentage deduction will be determined.
5. **Upon the accumulation of absence number eleven (11) in a class period, the student may lose credit for that particular class.**

Schedule Changes

Class changes are sometimes necessary at the beginning of a semester to better meet the needs of students and teachers. Parents/guardians will be notified of teacher-initiated changes.

- Student-initiated changes will take place within the first five (5) school days of each semester, and will require parent/guardian, teacher and principal/superintendent approval.
- Teacher-initiated changes will take place within the first five (5) school days of each semester.

Student Automobiles and Motor Vehicles

Students driving to school must park in the designated school parking areas. **Students must register their vehicles with the office by completing the Student Driving Permit form before bringing their vehicle to school. Students must provide proof of insurance and a copy of their valid Washington state driver's license.** Motor vehicles may not be used any time during the school day except with administrative approval. The student will not, for any reason, visit any vehicle parked on private or public non-school property during the entire school day. Vehicles cannot be moved or sat in during the school day without permission of the superintendent/ principal or person in charge of the school activity at the time. Violation of these rules will cause the student to lose the ability to drive or park vehicles on school property for a period of time or the rest of the school year.

Senior Trip

The senior class must petition the Board of Directors each fall, no later than October 30, to gain approval for the end-of-the-year senior trip. Senior classes will be limited to a trip of not more than 5 days and 4 nights with not more than a one-day drive to the site and a one-day drive returning from the trip. Any senior who participates in a senior sneak or skip day will automatically forfeit his/her right to attend that year's senior trip. Learning experiences as part of the trip are strongly encouraged.

Please see Board Policy 3110: Qualifications of Attendance and Placement.

Attendance

Elementary students' attendance is recorded on a half-day basis. Students must be in attendance a minimum of one-and-a-half hours per half day in order to be counted as in attendance. For example, a student who starts the school day at 8:15 am, and leaves for a doctor appointment at 9:45 am, will be counted as having attended school for the morning half of that day.

Elementary students who have accumulated eight (8) absences will have their respective case referred to the administration for review to determine if the parent(s)/guardian(s) is/are required to meet with the administration regarding the student's absences.

Satisfactory school progress is dependent upon regular attendance. The only "excused" absences are those resulting from illness, medical/dental appointments, bereavement and those pre-arranged with the principal by parents/guardians. Up to six (6) parent request absent days will be "excused." After the six parent request days are utilized, a pre-arranged waiver may be granted by the principal/superintendent for situations that may arise. However, if the student is ill and cannot attend school for the entire day, he/she will not be able to participate in any co-curricular or extra-curricular practices or activities. All other absences are considered "unexcused."

When a student is absent, parents/guardians are encouraged and expected to let the school know by calling the school as soon as possible to avoid an unexcused absence. If the student will be absent for two or more days, parents should request homework.

It is the student's responsibility to make up assignments when they are absent.

Playground Rules

The playground is one place where many skills can be learned and practiced. Not only can motor skills be refined, but many responsible behaviors can be cultivated, such as cooperative play, good sports etiquette, and self-control. The following guidelines have been designed to facilitate positive playground interactions and experiences.

The goal: The playground should be a safe and fun area for children.

On the playground, “The FIRE” guidelines are specifically outlined. We expect all children to learn these playground guidelines. Specific game rules and equipment guidelines are also printed here to help staff increase consistency while supervising common areas and to provide teachers with a basis for teaching and re-teaching responsible behavior.

Playground Rules (continued)

PLAYGROUND SUPERVISORS

The playground supervisors' #1 goal is to keep children **safe** while playing. They usually do not referee games. The students in line are the judges. When something is unsafe or a problem occurs, playground supervisors are there to help.

EXPECTED BEHAVIORS FOR OUTSIDE AND/OR ON THE PLAYGROUND

- Play only in designated areas
- Play by the rules of each game and use the equipment in the way it was meant to be used
- Show good sportsmanship, share equipment, and take equal turns
- No kissing allowed
- Get permission from the playground supervisor to enter the building for any reason
- Upon hearing the whistle, stop playing and listen to the playground supervisor
- Upon hearing the end of recess whistle, line up quickly and quietly within 5 seconds
- In line, hold on to all playground equipment and keep your hands to yourself
- Enter the building in a walk using quiet voices
- All areas of the playground need to be monitored during free recesses or early release by their classroom teacher(s)

BE PREPARED FOR THE WEATHER

- Be ready for different weather conditions as seasons indicate (coats, boots, hats, gloves, etc.)
- Bring outside whatever you need to play with during recess
- After recess bring back inside whatever you brought out, as there is not an unlimited supply of equipment
- Shoes must be worn at all times
- Depending on weather, recess may be held indoors with structured games

VIOLATIONS FOR BREAKING THE RULES

1. First offense: Talk to the student
2. Second offense: Sitting in time out
3. Third offense: Sent to office with a referral

ACKNOWLEDGING POSITIVE CHOICES

The Wilson Creek Elementary School Discipline Plan emphasizes the improvement of responsible behavior. Responsible behaviors enable students to develop, strengthen and maintain academic, personal and interpersonal skills. These behaviors increase opportunities for success in school, at home and in the community.

The most important means of encouraging students are the minute-by-minute interactions that occur between staff and students. We will strive to interact with each student more frequently when the student is engaged in responsible behavior than when the student is not being responsible.
